

## ECONOMETRICA, INC.

### CAPABILITIES STATEMENT

# STRATEGY AND PROCESS IMPROVEMENT

We provide comprehensive support—financial, administrative, and programmatic—to Federal agencies and State and local grantees on health program implementation and operations. We apply our strategic planning expertise and experience in supporting the operational aspects of managing government health programs to deliver benefit to our clients. We have unique experience with providing support across the entire grants management life cycle.

## About Econometrica

Econometrica is a small business research and management consulting organization based in Bethesda, MD, that is committed to improving the human condition by providing high-quality, cost-effective analytics and support that enable our clients to solve the challenges of today's world. We collaborate with Federal agencies, State and local governments, and philanthropic and nonprofit clients in the health, human services, housing, finance, and data analytics sectors and partner with other private sector firms. Econometrica started as an organization focused on econometric analysis and now has more than 25 years of proven excellence in consulting. It is guided by a committed group of thought leaders who use a variety of human-centered design methods to provide innovative approaches to help each client with their unique needs.
